Square Head
Plugs

Reduced Hex
Bushing

- Machined from MIL-C-15726F in 90-10 UNS C70600 or 70-30 UNS C71500.
- Fittings are also available in Class 400 WOG.
- Class 3000 socket weld fittings conform to ANSI B16.11.
- Class 3000 reducing inserts conform to MSS SP-79.
- Mating ends of the fittings can be socket-welding or finished in a combination of ends when required.
- Crosses available upon request.
- Block pattern fittings available in all corrosion resistant alloys.
- Class 6000 also available.

Nipples

Single End Thread

Double End Thread

- Threaded from MIL-T-16420K tube or ASTM B 466 Pipe.
- Short/close lengths available up to 12".
- Nipples may be provided threaded one end or both ends.
